International Conference on Rye Breeding and Genetics
24th - 26th June 2015, Wrocław, Poland

SECOND CIRCULAR

Invitation from the Scientific Committee

Dear Colleagues,

The International Conference on Rye Breeding and Genetics will be held on

June 24 – 26, 2015 in Wrocław, Poland.

This is the only international meeting devoted only to rye breeding and research. The program will ensure that you are completely up-to-date with every aspect of rye science. Abstract submission and registration is already open, please refer to the conference's webpage <http://eucarpia2015.up.wroc.pl/> and register today (but not later than **15 March 2015**) via <http://eucarpia2015.up.wroc.pl/response.html>.

We can already announce a couple of keynote speakers (see preliminary programme below), but we would like to encourage you to submit your own work by sending an Abstract (max. 1 page) as soon as possible, but not later than **15 April 2015**. Please indicate if you want to present your work as oral presentation or poster.

Further details of the scheduled meeting will be brought to you in a final announcement.

We look forward to seeing you in Wrocław in 2015!
